

Surfactants
Anionic surfactants (e.g. PFOA)
Cationic surfactants (e.g. primary amines, quats)
Non-ionic surfactants (e.g. alcohol ethoxylate)
Metals and metal salts
Rare Earth Metals (lanthanoids)
Heavy metals
Post-transition Metals (Aluminium, tin)
Transition metals (chromium)
Chlorine dioxide, chlorate
Inorganic salts
Hydroquinones
Vanilline and derivatives
Salicylates
Terpenes (dont limonène)
organic oils (argan, rapeseed)
Silicates
Acrylates
Methacrylates
Phthalates
(per)Borates
Solvents
Polycyclic aromatic hydrocarbons
Hydrazin and its derivatives
Paraffinic Oils
Polymers / Oligomers
Styrenes / Ethylbenzene
Aromatic Amines
Aldehydes
Amides
Phosphorous derivatives
Organo-phosphorous compounds
Chlorinated hydrocarbons
Perfluorinated organics
Organic peroxides
Carbamates
(synthetic) Pyrethroids
Pyrethrins
Triazoles
Substituted ureas
Microbiological Pest Control Agent
