Science Beyond Regulatory Compliance

Consultancy for Environmental & Human Toxicology and Risk Assessment

*Reinforcing your product safety projects
with regulatory, scientific, technical
and management skills
of experienced consultants*

Competencies

Every project within CEHTRA involve various scientific domains of the risk analysis.

- Thus when addressing Human Health issues CEHTRA deploys consultants in **Toxicology, Industrial Hygiene and Risk Assessment**.
- For Environmental issues CEHTRA deploys consultants in **Physics and Chemistry, Ecotoxicology, Environmental sciences and Environmental Risk Assessment**.
- Regulatory affairs issues may use one or all of these competencies from **position paper to full registration dossier** mission.

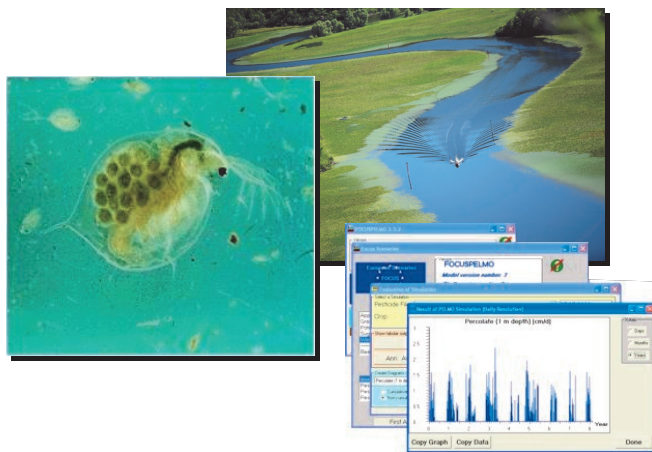

Services

Hazard assessment:

- Intelligent Testing strategy · Study validation · Design & Monitor standard and non standard studies · QSARs · Weight of evidence · Waiving · DNELs/PNECs derivation ·

Exposure assessment:

- Preparation of exposure assessments based on modelling and monitoring campaigns · Field worker exposure studies · Use of generic or dedicated tools · Building exposure scenarii ·

Regulatory areas

At CEHTRA, we are offering full product stewardship services like the **compilation, submission and defence** of your dossiers to be compliant with:

- REACH (CSA/CSR and Consortium management)
- Plant Protection Products
- Biocides
- Fragrances and Cosmetics
- Food Contact Materials
- Food/Feed Additives
- Industrial Hygiene
- Pre-clinical toxicology
- Environmental and Health & Safety Management Services
- Offshore chemicals
- Pharmaceuticals
